

DEPARTMENT OF BBA & BBA ANALYTICS

IN ASSOCIATION WITH

COLLABORATORS

The Karnataka government, ranking third in the 2021 Sustainable Development Index, emphasizes collective action to achieve the Sustainable Development Goals by 2030. UNDP Karnataka actively engages in capacity building and policy implementation to advance the SDGs. GIZ partners with India for sustainable development, recognizing India's growing global role. FICCI underscores the importance of industry leaders in promoting the SDGs for enhanced efficiency and risk mitigation. Hasiru Dala aligns with the SDGs, particularly focusing on livelihood research and waste management training.

ABOUT THE EVENT

2090: Innovate 2 Sustain; this is the place where we fuel sustainability and its pace through innovation and creativity. The hackathon is conducted by the Department of BBA and BBA in Business Analytics, Faculty of Management and Commerce offers a platform to create and develop solutions for real time problems existing in our country. The problem statements are offered by the organizations who drive sustainability in the most innovative ways. This hackathon will foster interdepartmental collaborations which enhances the dimensions added to every solution.

VISION & MISSION

Our vision is to encourage creativity, teamwork, and practical solutions that tackle urgent global sustainability issues, driving us towards a more eco-friendly and sustainable world. Our mission is to inspire and create sustainable solutions for a greener future through innovation and collaboration.
